The below email exposes the corruption in NJ as District 24 Steve Oroho did NOT use his Senatorial Courtesy to block the renomination of Sussex County Prosecutor David Weaver and the State Senators allowed this felon who protects dozens of felons in Sussex County, who filed malicious indictments against me and with law firms he was previously employed in Newton NJ which are law firms on numerous municipal courts as municipal prosecutors shows how utterly pandemic the corruption is in the State of New Jersey as its courts and Sussex County Prosecu-

tor's Office and the State Senator's emailed have volumes of evidence against David Weaver, Anne Milgram, Gov Jon Corzine and former U.S. Attorney Chris Christie with their corrupt former Counselor, former Senator Jon Corzine, former NJ Attorney General and now corrupt Chief Justice of New Jersey the infamous Stuart Rabner as the Office of Gov Ian Brennan who courageously requested an investigation through the former outstanding Office of the Attorney General's Dir of Consumer Affairs Kim Ricketts notified the corrupt Office of Attorney Office corrupt Chief of the Special Prosecutions Branch under Chris Christie James Nobile, the corrupt Department of Agriculture's Director Purcell under the corrupt Sec of Agriculture from Sussex County Charles Kurperus with its corrupt State's Department of Agriculture's Newton's Sussex County Soil Conservation District headed by the corrupt lawyer and former Mayor of Hopatcong Clifford Lundin, Esq. protected by many Sussex County law firms. A pathetic, infested pool of corruption at all levels of Govt and their State of NJ ACJC and Ethics Boards.

Don't vote again for Sen Oroho

I am now enjoying Las Vegas NV and had an opportunity to read NJ's Star Ledger. Sussex County's corrupt State Prosecutor David Weaver was reappointed to a second five year term. Well he has been corrupt since the day I met him on his auguration. Our Sussex County State Senator of course could have used his stop priveldge as he has known about sussex county proesuctor's weaver corruption as State Senator Littell, Assemblyman Mc HOse and Assemblyman Gregg previously wrote for him to be investigated by our corrupt Gov JOn Corzine who does NOT enforce Title 2C codes against corrupt officials and their bribed lawyers, pes and pps.

The paper reported that weaver worked for the corrupt township of Green's corrupt prosecutor William HInkes as their office is in the Sussex County ceasepool of Newton.

Now one knows why Weaver did NOT take any action against Hinkes his former employee.

Should be interesting to see what the corrupt Sussex County Superior Court Judge Conforti of Newton does when I return as I have three municipal appeals of Hinkes and his partner in crime Judge Craig U. Dana who was a partner in the corrupt law firm that is the prosecutor for Frankford township.

Such corruption is not amazing for NJ is infamous around the world.

One can't even file an Affidavit of Probable cause in Stanhope nor can I nor my wife sign any court required CDr-1 in any municipal court in Sussex County against any criminal per the corrupt Vicinage presiding judge manahan and the Assignment Judge is the corrupt Judge Bozonelis who won't allow me to examine any Govt record in the Borough of Stanhope.

The Judicial system in the Vicinage is a complete fraud. It's corrupt District X Ethics Committee gives ALL bogus reasons why its can't investigate Hinkes or their fellow conspirator of Laddey, Clark and ryan LLC which has its lawyers in courts in sussex county as its controlled municipal prosecutors. The stench of NJ can be smelled in Nv thanks to the internet.
