All Judge Dana's fines were vacated on Sep 10, 2009 and a finding he repeated violated court rules by imprisoning me with a 39 day sentence continuously changed to 95 days as I was falsely imprisoned in the corrupt Sussex County Jail for 85 days. On Sep 30, 2010 it was determined by the Superior Court finding that Judge Dana had NO authority AFTER sentencing to demand any mental examination. All thirteen criminal charges in a malicious indictment by the corrupt Sussex County Prosecutor David Weaver and his corrupt Assistant Prosecutor's was dismissed without prejudice on Sep 10, 2009 and after I filed a summary motion PRO Se to the corrupt Superior Court ALL CRIMINAL CHARGES filed by Borough of Stanhope officials and employees were ALL DISMISSED WITH PREJUDICE against the State of New Jersey's Office of Attorney General and Sussex County Prosecutor's Office on May 11, 2010. The Borough's former outstanding municipal clerk Ms. Robin Kline, RMC, MAS who reported the criminal acts to 10 agencies for 1.5 years was tormented by its former Town administrator Teri Massood who ran away from Stanhope without resigning when the excellent GRC lawyer Vince Maltese, Esq. had the GRC transfer the Denial of Access complaint Thomas Caggiano v. These Federal Court Records are extensive, prove the complicity and confederation of the Department of Justice in allowing massive corruption in the failed State of New Jersey to continue for years as the public safety, health and private property, false imprisonment and terrorism, retribution against witnesses continues unabated

The corrupt law firm of Hollander, Strelzik, Pasculli, Hinkes, Vandenberg & Hontz, LLC, 40 Park Place, Newton, N.J. as the law firm is also the Borough Attorney for Newton's municipal Government in the corrupt cesspool of the infested Sussex County. William Hinkes law firm had as it the former law partner of the corrupt Sussex County Prosecutor David Weaver, 19-21 High St, Newton, N.J. 07874 who protects his former law firm and dozens of other corrupt law firm and State, County and Municipal Government officials in Sussex County.  themselves as the laws should apply to them also.

 on increasing debt and future unfunded liabilities.

the former corrupt Mayor Brian Mc Neilly is now the Sussex County Deputy Clerk and the former corrupt Planning Board Chair Susan M. The Sussex County Government nor any of its municipalities have any local Ethics Boards and the State's Department of Community Affairs Local Government Service Department's Local Finance Board with responsibility for county and municipal Ethics laws protects them and has no investigations like the State's Ethics Board and State's Judiciary Committee as Corruption is the Standing Operational Procedure of the State of New Jersey wherein Title 2C State crimes are NOT enforced by its Office of Attorney General Paula Dow or the Mercer County Prosecutor against the corrupt [Government Record Council](#)

In the State of New Jersey if you attempt to report criminal conduct of officials - YOU CAN'T and YOU are attacked or as done to the Sussex County's Borough of Stanhope's Town Administrator Richard Stewart was fired in secret without a public hearing per Stanhope, N.J.'s municipal law Administration, Chap 2.2.D by its corrupt Mayor Diana Kuncken and Governing Body members even as he was reporting their criminal conduct to the FBI and N.J. State Police's Official Corruption Bureau.

This web site is Published under Bill of Rights, Freedom of Speech and the Press and the Constitution of New Jersey, Article I, Rights and Privileges, Section 6.

[\(GRC\)](#) or the [corrupt Sussex County Prosecutor David Weaver](#) against the Borough of Stanhope which even though was provided funds to provide me agendas 48 hours in advance per the Open Public Meetings Act OPMA ignores the law and is protected from civil fines that the County Prosecutor must seek nor are violations of the Open Public Meetings Act and the Government Record Council, except the excellent Sr. Case Manager Frank Caruso and former Case manager Dara Lownie is infested with corrupt lawyers and a corrupt GRC Chair and panel.

Dozens of other corrupt State, County officials and municipal employees and professional planners and professional engineers that they bribe without contracts awarded per the Local Public Contracts Law divide up the municipalities using the exception clause for decades as the municipalities become their asset base as "The corrupt law firms, corrupt Engineering firms OWN the towns as they get exceptions for decades as their are no complaints as the law firm just divy up the State.

➡ ➡ Change the Local Public Contracts Law as recommended by the Comptroller's Office to prevent continuous NO Competition awards and

No law shall be passed to restrain or abridge the liberty of speech or of the press. In all prosecutions or indictments for libel, the truth may be given in evidence to the jury; and if it shall appear to the jury that the matter charged as libelous is true, and was published with good motives and for justifiable ends, the party shall be acquitted; and the jury shall have the right to determine the law and the fact.

revise the Local Public Contracts Law to require a change in the County's and Municipal Government's law firm every 8 years to break the fraternity of corruption, for the legal community and professional planners and professional engineering firms "set-up" their municipalities as "their own assets" as the Mayors, Governing Bodies, Town Administrators become an embedded entity of favoritism, cronyism and corruption. no competitive bids and racketeering.

The other major process in corrupt State of New Jersey as stated correctly in his State of the State speech by Ex-Gov Jon Corzine was the TOXIC MIX OF MONEY AND POLITICS. This widespread corruption is protected by N.J.'s APPOINTMENT PROCESS of Judges that is just A POLITICAL PATRONAGE JOB wherein corrupt Municipal Judges protect their local officials that give them the contracts to be THEIR MUNICIPAL JUDGE and in many corrupt municipalities the MUNICIPAL PROSECUTOR is the same law firm as the BOROUGH ATTORNEY as they also GET control of the courts. Change the law and DO NOT allow the Borough Attorney and Municipal Prosecutor to be the same lawyer or law firm as there is an immediate "conflict of interest" embedded in many municipalities.

In their corrupt criminal coercion and witness tampering, the Borough of Stanhope officials filed 13 criminal charges against me. After spending thousands on lawyers, my Pro Se motions, the corrupt Sussex County Superior Court Judge N. Peter Conforti, J.S.C. and the corrupt Sussex County Prosecutor's Office without any written motions to the court, Dismissed ALL charges with prejudice in State of N.J. v. Thomas Caggiano under Indictment 08-09-316-I as noted on the May 11, 2010 [court order](#)

Further obvious changes are suggested:
Allow the public to read the insurance policy of the municipalities via Open Public Record Act and do NOT make these insurance policies confidential as the taxpayers pay for the policy.

To reduce N.J.'s pandemic corruption, CHANGE THE FORM OF GOVERNMENT to elected Judges like New York and Nevada as Judges protect the executive branch and legislative branch in a vicious fraternity of infected government and massive fraud, waste and corruption.

With the aide of the corrupt law firm of Laddey, Clark and Ryan LLC as the Borough Attorney of Stanhope Richard A. Stein, Esq., he committed willful perjury dozens of time and has for decades engaged as the ring leader in the infested Borough of Stanhope.

Under District XA Ethics Committee Docket XA-10-018E both William Hinkes, Esq. and Richard Stein, Esq. were placed under investigation but the N.J. Supreme Court Office of Attorney Ethics OAE stopped the investigation that was assigned by District XA Ethics Committee.

Read complaints: Available below, filed with the ACJC on Judicial Judges in the kangaroo courts in Sussex County Superior Court and Municipal courts in Sussex County and Morris County to understand how utterly corrupt the Judicial System is.

The Office of Attorney Ethics OAE months ago removed the investigation initiated by the Morris County/Sussex County District XA Ethics Committee Docket XA-10-018E against the corrupt Laddey, Clark and Ryan LLC lawyer Richard A. Stein, Esq. who is the corrupt Borough of Stanhope's Borough Attorney and Municipal Prosecutor and Hollander, Strelzik, Pasculli, Pasculli, Hinkes, Gacquin, Vandenberg & Hontz, LLC's William E. Hinkes, Esq., the former law partner of the corrupt Sussex County Prosecutor David Weaver, Esq. located in the corrupt Sussex County seat Newton, New Jersey. They are infamous as the investigation that was begun by the District XA Ethics Committee under Docket XA-10-018E was stopped by the OAE months ago and supposedly per the OAE's Director's assistant they are scanning in extensive evidence while these corrupt law firms continue to operate thereby protecting them.

Examples of filed ACJC complaints filed against corrupt Judges under oath: The corrupt State of New Jersey Supreme Court's Advisory Committee on Judicial Conduct, ACJC protects the corrupt Judiciary Branch judges in secrecy with absolute immunity.

Conclusion: The corrupt State of New Jersey Supreme Court Advisory Committee on Judicial ACJC does not conduct investigations, does NOT contact witness, does not have any common law confrontation, operates in total secrecy without any transparency and has absolute immunity which explains why New Jersey's Judicial System is so very corrupt.

Recommendation: Change the form of Government from Appointed Judges to Elected Judges for in New Jersey, the **Toxic Mix of Money and Politics rules** and replace the corrupt appointed political patronage system of cronism to Elected Judges as done in the State of Nevada where corrupt State and other Government Officials are convicted of State crimes unlike the corrupt State of New Jersey wherein you can't even file complaints in many of its court for in Stanhope and Netcong you are threatened with arrest if you attempt to file a complaint, or Affidavit of Probable Cause per R.7:2-1 as you can't sign any CDR-1 for a petty disorder summons or a CDR-2 for any indictable offense against any person in the corrupt Sussex County / Morris County County Vicinage as court orders are issued to every municipal court, without even being sent to my wife Kathryn or myself

Some of the complaints filed against corrupt Judges to the corrupt State of New Jersey's Advisory Committee on Judicial Conduct, ACJC, are published for the world to understand as a public duty how corrupt the State of New Jersey's Black Robed felons called Honorable truly are as the lawyer/judge/politician/executive branch system of appointed judges in New Jersey is broken as essentially NO judges are ever impeached as shown by a 200 year record in the General Assembly and State Senate and the Senate Judiciary Committee whose constitutional duties are to impeach corrupt Judges. In the State of Nevada, WE the PEOPLE REJECTED a referendum by politicians to have appointed judges that become beholdng to them but in Nevada WE the PEOPLE elect Judges so we can simply vote them out of office. In New Jersey in 200 years less then a dozen judges have been impeached in the most corrupt State in the United States of America which itself proves the Appointment method for judges is a charade and a systems that breeds corruption, false loyalties, and insidious corruption embedded therein. If the legislature wants to reduce corruption in Government then change the form of Government as allowed in the Declaration of Independence as in New Jersey there is TREASON and Tyranny.

Dear Mr. Caggiano:

I have received your e-mail of November 13, 2010, making an OPRA request and I have also received your e-mail of November 15, 2010 as well.

On October 19, 2010, Judge Conforti held your trial on all of the charges that had been filed against you by Stanhope Municipal Officials. Judge Conforti found you guilty of all of the complaints and on November 4, 2010, entered a written order, which the court served on you.

What does a member of the corrupt State of New Jersey's Supreme Court Advisory Committee and Judicial Conduct ACJC look like?

A felon of course as they have ABSOLUTE IMMUNITY, don't assign any investigator and operate with complete secrecy as they refuse to give you copies of your own records or to any public citizen. They protect the Black Robed corrupt Judges that are pandemic and infect New Jersey as the only way to remove a corrupt Judges is to change New Jersey's appointment methods to have elected judges like New York and Nevada as the Speaker of the General Assembly Oliver, the State Senate President Sweeney, the State Senate Judicial Committee, the State of New Jersey Ethics Committee ignore their constitutional duty to impeach a judge and their corrupt State prosecutors who protect them from criminal charges for like the corrupt Federal Govt complaints against Judges are buried in chambers and only 4 Judges have been impeached in 200 years by the NJ Legislature that is infected with corrupt Judges in the Supreme Court, the Superior and Municipal Courts as they protect Government Officials, Mayors, State Senators who protect them. An embedded system of corruption is how New Jersey operates as the Appointment of Judges IS the essential ingredient to New Jersey's toxic Mix of Money and Political corruption.

Things haven't changed.

*Tombstone's place in the Old West is well-known from novels and movies - the discovery of silver, the gunfight at the O.K. Corral, larger-than-life characters like Wyatt Earp and Doc Holliday, the bust when the mines flooded and its rebirth as The Town Too Tough to Die. The town's people renamed the street name where the lawyer's offices were by the court house to **Rotten Row** and another sign of the times then and now*

The United Nations is suppose to be a place of peace and its country members have diplomatic immunity. But the United States of America uses the U.N. as its spy network per orders issued by the Secretary of State Hillary Clinton based upon Wikileaks released documents as her letter stated: "The US State Department gave its diplomats instructions to spy on other countries' representatives at the United Nations, according to a directive signed by Hillary Clinton. Diplomats were told to collect information about e-mail accounts, credit cards and passwords, among other things.

US diplomats are alleged to have been requested by Secretary of State Hillary Clinton to spy on the diplomats of other countries at the United Nations. That was the purpose of the "National Humint Collection Directive," which has been seen by SPIEGEL. The document was signed by Clinton and came into force on July 31, 2009. " Which the Nations airports now spy networks do YOU feel safe and have any privacy rights? Not in the United States of America. The U.N. has begun an investigation to determine if the United States of America has violated international laws as the U.N. Diplomats and their staff are to have diplomatic immunity and NOT be spied upon.

Former resigned ex-Gov Mc Greevy: Paid his lover \$100,000 of N.J. Tax payers money to be Chief of Homeland Security and was not even eligible for the position and neither were charged with any criminal act. No charges were filed.

Mayor Sharpe James of Newark sold land to his girlfriend, charged a \$9,000 cruise on a Police credit card AFTER he left office and NO State charges were filed against him.

Sen Bryant and Sen Lynch, powerbrokers were sent to Federal Prison. NO State criminal charges were filed against them in N.J. where politicians, corrupt Judges, corrupt Lawyers, corrupt Mayors are protected by the corrupt State of New Jersey's Supreme Court, its corrupt Advisory Committee on Judicial Conduct, the corrupt Office of Attorney Ethics, and other corrupt Cabinet officials and their corrupt N.J. - In the United States of America, per the corrupt Department of Justice allowing fraud, bribery, terrorism, false imprisonment, complicity, official misconduct, racketeering, conspiracy are acceptable felonies per **the Department of Justice's management decision process.**

For the corrupt Office of Inspector General states: **The Case is Closed** per the Washington D.C.'s based Inspector General's Department of Justice's Special Agent in Charge Eric A. Johnson, Special Operations Investigation, 1425 New York Avenue N.W. Suite 7100, Washington, D.C. 20530 which of course did NO investigation as the witness was never contacted as usual.

- In America today their is one word to describe the Department of Justice's Actions **TREASON**

The FBI is as corrupt as New Jersey Government which as WE the People know is a cesspool of pandemic corruption.

- Evidence totally ignored by the corrupt Department of Justice, FBI, the Office of New Jersey's Attorney General

and its corrupt State County Prosecutors and over forty persons requesting investigations in including N.J. Federal Senator Lautenberg (D), Congressman Frelinghausen (R), State Senators Codey (D) and Littell (R), Members of General Assembly, State officials, auditors, municipal employees and dozens of citizens but the corrupt officials are Protected including corrupt federal Department of Justice officials.

- How corrupt are the courts in New Jersey, the Office of Gov and New Jersey Attorney General Paula Dow, Esq. with Gov Christie and U.S.

Attorney Fishman and N.J. FBI protects the corrupt Borough of Stanhope with its other corrupt State agencies, its corrupt Supreme Court, its corrupt Superior and Municipal courts, its corrupt Board of Chosen Freedholders, its Corrrupt State County Prosecutor's and the corrupt Department of Justice? Well read the definition of tyranny. YOU can pay texes and move out of your house. You can't examine tax records, talk to the tax assessor, get copies of your deeds or Town Agendas and that is what the corrupt Office of Inspector General of the corrupt Department of Justice states is an acceptable Department of Justice management decision. Just a county of tyranny the only question is after ten years how many more years with the blantant corruption continue.

North Las Vegas, NV 89084

Dear Mr. Caggiano:

On September 7, 2010, I received your correspondence of September 1, 2010, enclosing your check in the amount of \$2,200.31. Your letter states that the check was in payment of your "pro-rated" taxes based on contract/sales in the amount of \$2,059.31, an electrical fee in the amount of \$135.00 and \$6.00 for Town Council Agendas.

Concerning your taxes, your letter states that you have decided that your property is assessed above its current market value and you have unilaterally decided to pay less taxes on your home based on what you think its value is. You may not do that.

The only way to adjust the tax assessment for your property is to file a tax appeal with the Sussex County Board of Taxation. The time to file an appeal for 2010 expired on April 1, 2010 and you cannot file a tax appeal until 2011. Therefore, your tax assessment will remain the same.

The CAG Report as of Nov 26, 2010

The Washington D.C. Department of Justice's Office of Inspector General Integrity Committee began a review of my complaint against the Office of Washington D.C. Office of Inspector General.

- *My complaint against the corrupt Morris County Netcong municipal Judge Paparazzo, J.M.C. available below to the State of New Jersey Supreme Court's Advisory Committee on Judicial Conduct ACJC was placed on the calendar by the Executive Secretary John Tonelli notification to me.*

The United States Postal Inspection Service assigned my complaint 1620546 of massive mail fraud and harrassment to its Hq in Arizona as I was notified by the Inspector In Charge Peter Zegarac Complaint 16210546

- *In the corrupt Sussex County Superior Court of Judge N. Peter Conforti, J.S.C. he again changed his position as he directed I must use Robert Mattia, Esq and did NOT allow me to represent myself Pro Se with a stand by attorney as my own prepared Pro Se motions forced*

the corrupt Sussex County Prosecutor's Office headed by the corrupt former Law Partner of the corrupt Township of Green, Fredon, Hampton and Borough of Andover William Hinkes, Esq. to have the corrupt First Assistant Prosecutor Gregg Mueller without even sending me a copy as the defendant on 13 malicious criminal charges filed under Ind 08-09-316-I in State of New Jersey v. Thomas Caggiano that was dismissed with prejudice in a secrecy motion by Gregg Mueller as Judge Conforti, J.S.C. dismissed the criminal charges without standing any reason. Therein he ordered two involuntary mental examinations and after the first corrupt Department of Mental Health Services stated I was competent to stand trial, Judge Conforti stated on the court record he would NOT allow me to bring my own expert witnesses I paid for voluntarily to defend myself thereby immediately violating the Constitutions of the United States of America and New Jersey, the common law right of confrontation and used the scheme to defame me with his accomplices for years. Thereafter he directed a second mental examine and in secret had the corrupt Dr. Peter Paul change their standard examine and he wrote a false report that I was NOT mentally competent. The corrupt Judge Conforti, JSC now had two reports 180 polar opposites and NEVER

had any hearing in violation of court rules which require a mandatory hearing. He then illegally ordered a voluntary mental examine and when I stated on the court record the DHS must conduct an examine as their findings were over 1 year old and I agreed to pay for a video recording of the examine and a polygraph so that the video could then be per N.J. Court rules be evidence. So without any report from DHS or my request for a hearing, Judge Conforti, JSC and the Corrupt Sussex County Prosecutor stated I no longer needed the mental examine on the municipal appeal after demanding such for months. He also dismissed Robert Mattia, Esq. as my mandatory directed lawyer and found no prejudice in the case as the Township of Green, the Vicinage Trial Court Administrator Mr. Arnold have ignored my requests for the court records in years and months respectively. I have filed a motion to the corrupt Sussex County Superior Court that its should reconsider the motion by Robert Mattia, Esq to also Dismiss the NON-criminal charges as I can not even get the court records but Judge Conforti, JSC maliciously stated the case continues even though on Sep 10, 2009 he made a finding that Judge Craig U. Dana, J.M.C. repeatedly violated court rules, repeatedly illegally resentenced me and illegally imprisoned me for 85 days and vacated

the fines, vacated the probation but contined the saga of his criminally conspiracy.

The motions for adjournment to the corrupt Judge Conforti, J.S.C. are published so the public can understand the massive corruption of New Jersey Courts and the executive branch of New Jersey

[Conforti Evidence for Adjournment](#) Request Municipal Appeals

- *The corrupt Department of Community Affairs' Government Record Council again for dozens of times has used unconstitutional court orders issued by corrupt Municipal Judge Craig U. Dana, JMC as its tool to deny access to Government records which include copies of my deeds, property record cards, official town council minutes or any government record from the Borough of Stanhope.*

My Sep 9,2010 OPRA. The corrupt Government Record Council (GRC) has not posted a copy of its minutes in four months on its web site and after then scheduling my complaints CANCELLED its Sep 2010 meeting for a lack of quorum as Gov Chris Christie has NOT allowed public members other then its current corrupt Chair to be on

the panel. These public members could then vote against Gov Christie's Department of Community Affairs Commissioner Grifa, Esq. or her designee. The Commissioner of Education which as a designee on the GRC panel was removed from his office on a dispute with Gov Chris Christie.

Reconsideration Request is published herein and INCLUDES Court transcript records of a hearing before the corrupt Morris County /Sussex County Vicinage 10 Superior Court Assigment Judge B. Theodore Bozonelis, A.J.S.C., Washington and Court Sts, Morristown, N. J. on Docket SSX-L-847-07 on Dec 18, 2007 Caption Borough of Stanhope v. Thomas Caggiano AND GOVERNMENT RECORD COUNCIL (GRC), Transcript of Motion - March 14, 2008, Metro Transcripts, L.L.C. and my reconsideration request was distributed to the Department of Justice U.S. Attorney for N.J. Paul Fishman, the FBI, the United States Postal Service Inspection Service for mail fraud, the State of New Jersey's Police Official Corruption Bureau as my wife Kathryn and I have been their witnesses for years having provided audio recordings of corrupt court proceedings in Trenton's

corrupt Superior Equity Court wherein court orders were issued that violated the Bill of Rights, the Open Public Meetings Act and the State of New Jersey Constitution.

Whereas the web site exposing pandemic corruption proved useless it has been temporarily removed until we get a Government that is one NOT of tyranny.

Even after moving to the State of Nevada from the corrupt State of New Jersey just resulted in additional harrassment and threats to us by mail from the corrupt Sussex County's Borough of Stanhope's Laddey, Clark and Ryan's LLC Stanhope Borough Attorney Richard Stein, Esq Laddey, Clark & Ryan, LLP, 60 Blue Heron Road, Suite 300, Sparta, NJ 07871, Phone: 973.729.1880, Fax: 973.729.1224 E-mail: lcr@lcrllaw.com as the corrupt law firm is protected and by its corrupt Borough of Stanhope's Municipal Clerk Ellen Horak, 77 Main St., Stanhope, N.J. 07874

A much more expansive web site is now under development as I defend myself against the corrupt Superior Court Judge N. Peter Conforti, JSC and his corrupt Sussex County State Prosecutor David

Weaver, 19-21 High St, Newton, New Jersey 07860 their directed attorney that I am forced to use Robert Mattia, Esq., 52 Trinity St., Newton, NJ 07860 but he doesn't get paid by me or the State of NJ as he is the Sussex County Superior Court Judge N. Peter Conforti.J.S.C. lackie in the infested Sussex County/Morris County Vicinage with the corrupt Superior Court Judges Bozonelis, A.J.S.C., Thomas Manahan, P.J.S.C., Philip Mansze, corrupt Trial court administrator Arnold, corrupt Morris and Susssex County Probation Chiefs Jonathan Bell, M. Lasko and Jenn Jobaggy, corrupt Sussex County Jail with Sherrif Untig, corrupt Sussex County Board of Chosen Freeholders, corrupt State of New Jersey's Department of Agriculture's Sussex County Soil Conservation District and a flock of corrupt Municipal Judges Mulhern, Dana, Devine, Browkley Jr. , Paparasso, Zinna and others.

A new <http://Freedomnewsdigest.com> web site that will assist WE the PEOPLE with forms, Affidavits of Probable Cause, etc on preparing complaints will be undertaken in a few months for until the corrupt Washington D.C. and New Jersey's Federal Department of Justice, Corrupt Governor of NJ Chris Christie, Esq. and his corrupt Attorney General Paula Dow, Esq. actually enforce laws and a NON-corrupt

NJ Supreme Court's Advisory Committee on Judicial Conduct ACJC and Office of Attorney Ethics OAE, State Ethics Board are made and a new corrupt Department of Community Affairs under the corrupt Grifa, Esq and the corrupt Government Record Council GRC with its felon executive director Catherine Starghill, Esq., In-house attorney Karyn Gordan, Esq. corrupt Office of Attorney General's useless Department of Law and Public Safety and their corrupt State County Prosecutor's with its corrupt Department of Consumer Affairs', its corrupt Board of Engineers and Board of Professional Planner with the corrupt executive director of them both Arthur Russo as the corrupt Government Record Council and with the support of the corrupt Department of Agriculture and the corrupt Department of Treasury's ceasepool in Newark's Office of Administrative Law with its corrupt executive judges who work for the corrupt Gov of New Jersey, former ex-corrupt voted out of office Jon Corzine, replaced by the corrupt former NJ Attorney General Chris Christie as NJ's current corrupt Governor and the corrupt NJ Supreme Court is headed by the former corrupt NJ Attorney General now Chief Justice Stuart Rabner and Gov Corzine's campaign manager and former corrupt Commissioner of the Department of Community Affairs' Susan Bass

Levin is a part time official getting her padded pension and medical benefits by being a member of the useless Local Government Services Local Finance Board that supposedly oversees ethics but is unethical itself. On the GRC is the corrupt department of Education Commissioners corrupt designee who agreed I as a person NEVER convicted of any criminal act CAN NOT mail any OPRA request to the Borough of Stanhope to get copies of tax records or mail any letter to the Borough of Stanhope or get a pet's license or as stated by the corrupt Richard Stein I can NOT examine any government document even if I gave them notice of my desire to see tax sales records, my deed, my property record card, or attend Open Public Meetings of its Land Use Board not contact the Tax Assessor or even write her nor pay taxes in advance like all other persons can for tax planning. That is the corruption pit of New Jersey as even my wife can not sign an Open Public Record Act request nor can she file any petty disorder charge in any municipality in Sussex County and Morris County and sign any Compliant summons in any municipal court where per NJ court rules such a petty disorder harrassment charge would be tried. She also has no such rights and have never been charged with any thing. So the Borough and State Superior court judges in chambers

without any complaints issue court orders violation my wife's due process rights without any hearings or any complaints even being filed. That is the corrupt land of New Jersey a cesspool of corruption.

I can NOT send by mail an Open Public Record Act (OPRA) to the cesspool, the Sussex County's Borough of Stanhope which they protect. The Sussex County Borough of Stanhope and all its corrupt surrounding municipal governments that are pandemically corrupt and appear as univeral in the State of New Jersey's municipal governments of corruption as Standing Operating Procedure (

as Gov Christie acknowledge's the municipal Government of Atlantic City has been corrupt for a long time. So why aren't the FBI and Governor and his Attorney General's putting them in Jail?

and in conclusion, the N.J. Supreme Court and their municipal court judges are a pandemically infected corrupt fraternity with lawyers and prosecutors. To understand how totally corrupt the Supreme Court's Advisory Committee on Judicial Conduct ACJC they operate with ABSOLUTE IMMUNITY, don't notify the corrupt Judge a complaint was received even though posted on the internet, do NOT allow you to obtain any records after dismissing your complaint and won't allow you to see any records nor any person in the Public. To read the complaint about the corrupt Joint Court of Green, Hampton, Fredon and Borough of Andover concerning the felon Judge Craig U. Peter Conforti, J.S.C. filed with corrupt State of New Jersey's corrupt Advisory Committee on Judicial Conduct ACJC which apparently disappeared in the corrupt ACJC as no notice to the Judge was sent and no investigator assigned which is the ACJC's typical corrupt standing method of operations.

Read [the corrupt N.J. Mercer County Assignment Judge Linda R. Feinberg ,A.J.S.C. complaint](#) to the corrupt State of New Jersey's Supreme Court's corrupt Advisory Committee on Judicial Conduct (ACJC) dismissed in SECRET without any investigation.

In the Borough of Netcong, you are threatened if you even write a request for the complaint the corrupt court administrator Anne Sheridan apparently filed with the Chief of Police as the corrupt Chief told you verball to request a copy in writing.
