The Township of Wantage, Sussex County, NJ is now using the corrupt

Morris County Superior Court via criminal abuse of process in filing its civil suit SSX-C-21-15 Thomas Caggiano to obtain copies of thousands of records which would cost me tens of thousands to produce, provide a listing of all witness and what they know which would expose material provided to me and its redactions.

The verified certified documents used by the plaintiff using the law firm of Weisner Lesnial PPL with NJ Senator Lesniak as partner one of many Steven R. Tombalakian would not only provide data provided the FBI, DOJ and others including filings to Review agencies that are protected could jeopardize any criminal indictment review. It is also a criminal abuse of court process while at the same time to deny me OPRA, discovery rights I filed a complaint to the corrupt State of NJ Supreme Court Administrator of Courts Glenn Grant, JAD that Tania Ell and the corrupt Judge Gavan refuse to provide me triple exemplified court records so that I provide them to FBI, NJ Attorney General, various local police for title 2C crimes and US Courts to protect ourselves. NJ Senator Lesniak is a law partner in the firm and the Senate and Assembly leadership and Select Committee on Investigation members are all aware of the corruption in NJ courts and executive branch, counties and municipalities. The FBI refused to provide me copies of the 1,300 pages of tip line reports and letters it has to prevent its own detection. The DOJ OIP and OGIS and US Attorney Lynch are informed see <http://thomascaggiano.com/LYNCHUSPS.pdf> the files on

now provide the first of two responses to the Township of Wantage via its attorneys at law as it file number requesting responses to the first set of interrogatories would require me to hire an attorney, redact various items and cost me over I believe \$100,000. I cannot even hire an attorney to file a writ of execution in foreclosure to the Sheriff per the corrupt court orders as we fled NJ for our safety as I was assaulted by State police 3 times, 4 death threats, imprisoned 3 times for total over 100 days, denied drugs, suffered bodily harm, family and other witnesses terrorized for years, taken to hospital for IVs, have no civil rights and HIPPA violation ignored by HHS and Region II. issued by Hansbury in conspiracy with the plaintiff and the five corrupt attorneys or should I add the corrupt now Township Attorney for Green the infamous Laddey, Clark and Ryan LLC corporate attorney that infests Sussex County communities. This is a public record published on <http://thomascaggiano.com/151109fbitip.pdf> and notice of new data available on

http://thomascaggiano.com/COURT/ I have given notice of transfer to a US District court for federal question and also a cross complain for punitive damages exceeding \$10 Million over 100 govt attoenys violate Codes of Ethics and Judges and 18 USC 4
